RESOLUTION ADOPTED
at the 7th regular meeting of the Slovenian Rectors' Conference, May 8, 2017

The Slovenian Rectors' Conference met on May 8, 2017 at the 7th regular meeting and adopted the following resolution under item "10.1 Report from the EUA meetings on Big Deals" of the meeting agenda:

I.

The Slovenian Rectors' Conference adopts the following basis for negotiations with publishers for a new business model according to the German example:

- ***Free reading of all publisher's subscription journals has to be enabled.***
- ***Open accessibility of articles in publisher's journals where employees at the members of a consortium are corresponding authors is paid.***
- ***The right to text and data mining in all publisher's journals is granted.***

One joint contract is concluded for a new business model.

This basis is to be used in negotiations with publishers of scientific literature (for Elsevier for 2019, for Springer, Wiley and other publishers for 2018).

II.

The Slovenian Rectors' Conference will nominate a representative for negotiations with publishers of scientific literature shortly.

Frenk Mavrič, MA
General Secretary
